

# Domaine SAINT ANDÉOL

## AOP CAIRANNE

---

Domaine Saint Andeol is located on a beautiful hillside overlooking Orange and the Old Town of Cairanne. The terrain is rather steep, the area mostly sunny, and the region cooled by an ever-present, gentle breeze that circulates through the vineyards. Founded in 1969, the estate is run by Jean-Jacques Beaumet, with an average vine age of 40-50 years.

**TASTING NOTES:** Dark in color, the bouquet has a savory depth, sunny black fruit at the helm, sweetness attached. It is led by rather crunchy black fruit on the palate, with a cluster of dark tannins that bring extra weight and intensity as it finishes. It has late southern depth, which introduces a note of the warm lands it came from.
