

TWO BIRDS

**ONE

VIN DE FRANCE

This is the tale of Two Birds. The first comes from New World distant horizons, the second is born in the heart of the Old-World winemaking area. Despite their geographical distance, these Two Birds share one thing in common: their love for outstanding wine and great terroirs. This tale reflects the story of the head winemaker: after traveling the world, she has now settled back in France to create this range of extraordinarily fruity and approachable wines.
